

Austin Dell
Industrial Designer
austinpdell@gmail.com AustinPDdesign.com

An Industrial/Product Designer focusing on consumer electronics who excels in team collaboration, thorough sketch/prototype processes, and innovative design decisions with a background in communication and design/critical thinking.

EDUCATION

Arizona State University

Bachelor of Science in Industrial Design

Current GPA: 3.71

Graduation: May, 2020

EXPERIENCE

Internship, Two Hills Design Studio Austin, Texas — 2019 (4 months)

- Aided in entire construction process for high-end lighting manufacturer (fabrication, painting, finishing, etc)
- Independently managed projects and scheduling (20+ completed projects)
- Self-managed detail and final construction processes (light wiring, mounting pad installation, etc)

Scoop/Event Coordinator, Amy's Ice Cream Austin, Texas — 2016-2019 (3 years)

- Coordinated event planning activities (event prep, inventory, location set up for 50+ events)
- Served as team leader, cashier, and shift manager (high volume cashier for more than \$1,000 a day)

Debate Coach, National Hispanic Institute Austin, Texas — 2013-2016 (2.5 years)

- Coached underclassmen on public speaking skills (100+ students)
- Assisted organization of multiple fundraisers and public events (10+ events with at least 100 attendees)

Internship, City of Austin: Neighborhood Connectivity Division Austin, Texas — Summers 2013 & 2016

- Mapped the entirety of Austin City public walkways/driveways
- Collaborated with several city project managers on urban planning programs

PROJECTS/COMMUNITY WORK

Escalent/Delta faucets rapid design event

Commercial art contract Tempe, Arizona — 2017 (5 months) Led by local artist, aided in customized 10 layer prints using a marble cube for commercial use. Work included first-hand design processes, use of professional lithography equipment, printing marble cutouts and large-scale print manufacturing (50 5'x4' 10 layer prints in total)

Treasurer/Group lead for Industrial Design Society of America ASU Chapter

Tempe, Arizona — 2019 (ongoing) Coordinated community outreach, event planning, and design education. Helped create multiple presentations about job searching, design processes, and work life balance. Lead group in creating industrial design student yearbook (first within IDSA) and started a mentorship program for IDSA ASU Chapter (first successful program at chapter.)

ADDITIONAL SKILLS

- Adobe Creative Cloud certified (Illustrator, Photoshop, Indesign, etc.)
- Fluent in Krita, Sketchable, Solidworks, Rhino, Fusion 360, and Keyshot
- Skilled in model making using 3D printing, laser cutting, wood, styrene, and foam board
- Tolerance review/analysis
